

Team Contributions

| | Youheng | Krishna | Sandrine |
|------------------------------|--|--|---|
| Core contributions | Compiling and cleaning dataset as well as the final report | R code for data analysis to match agreed upon visualizations | Ideation for data analysis, visualizations, and crafting the overall narrative for the report |
| Data collection and Cleaning | Lead | Support | Support |
| Coding and Visualization | Support | Lead | Support |
| Report Writing | Results and References Sections | Method and Material Sections | Abstract, Introduction, Lit Review, and Conclusion |
| Presentation | Team effort | Team effort | Team effort |

Note: Sandrine wrote this Table and is very humble which downplays her contributions. She was responsible for the human aspect, keeping up and managing realistic expectations. Without her, this amazing report would not have been possible. In general, I believe everyone has put in an equal amount of effort and I'll fight you Asif, if we don't all get the same grade.
